

SCHOOL FEE COUNTER

Meet SchoolFeeCounter it's an easy to use,
effective and powerful Fee Management
Software for schools.

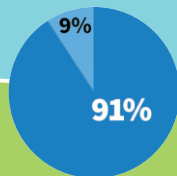

Financial Solutions for Schools and Parents

School fee counter is a comprehensive tool that incorporates every aspect of a school's finance department. You can enter all data related to incomes and expenses according to your school's functioning and use school fee counter to power your school to greater financial efficiency. The Finance module empowers you by allowing you to drill down to financial records per student and per class. The easy to use fee collection system avoids duplication, provides on demand reports, and is seamlessly integrated into all the different user capabilities like administrators, accountants, planners and other stakeholders allowing for easy access. The reporting feature always keeps you informed about the financial health of your school.

What the numbers show

91% of parents surveyed preferred School fee counter contacting them over their school office if that family was late on a payment

Schools using School fee counter late payer follow up service experienced 4.2x less delinquency at 30 days past due

9 out of 10 parents that have experience with School Fee Counter and our largest competitor, prefer School Fee Counter.

Features

Hand-held POS for fee collections

Schoolfeecounter provides technological wireless handheld fee collection solution for schools. You could operate this device irrespective of internet & electricity. Receipt can be generated for the fee collected, using our handy POS devices. The data will be automatically updated in Schoolfeecounter.

Online Payments

Skip the tedious wait in long queues; switch over to online fee payment. A complete cashless option for any school --small or big! Parents can log in from anywhere/anytime to transfer fee using credit card, debit card, net banking etc. Schoolfeecounter is integrated with all major banks and payment gateways across India.

Customize your Fees Plans

Designed for easy use and flexibility, our Schoolfeecounter helps the accounts team to handle wide range of fee plans & instalments tasks with great ease. Create customized tuition plans- monthly, quarterly, semi-annual, and annual. Following few simple steps you can apply the appropriate billing plan to students and have pre-designed invoices for all the students

Mobile App

Transform your mobile phone into a point-of-sale (POS) device and process payments whenever and wherever you want, by downloading this mobile app. Irrespective of availability of internet or electricity, the Schoolfeecounter Mobile App allows you to accept payments and give the receipt print outs to parents.

Manage your miscellaneous fees

Schoolfeecounter allows the school administration to manage and track the miscellaneous payments like uniform, books, educational tour fee etc. It tracks the fee down to levels you wish for-like student, class and section.

Seamless Integration with Accounting Softwares

School Fee Counter's flexible platform works hand-in-glove with Tally and other accounting softwares. Accounts managed in School Fee Counter can be In Sync with other accounting softwares , which in turns avoid s duplication of data.

SMS Alerts

School Fee Counter is tightly integrated with SMS/email alerts. Parents get immediate SMS acknowledgment when they pay their child's fee and fee due alerts can be scheduled at a regular intervals which in turn reduce the percentage of fee defaulters.

Reports

Tailor your reports to meet your school needs with drag and drop columns, conditional formatting and graphical representation of the figures. You can produce an accurate and complete picture of the current financial position of your school quickly and easily.

Customize your fee receipts

Choose your receipt format from repository of 20 + receipts or customize your own receipt format with your school logo. Using School fee counter different receipts for different heads can be generated in a customized formats.

Fee Concessions

With the help of School fee counter you can create different concession types like siblings, staff or merit concessions which can be approved by the principal/finance head.

Expenditure Management

We make it fast and easy for you to track expenses and file reports, and for you to review and approve them. School Fee Counter help you get control over indirect spend and dramatically increase spend under management.

Fine Automation

The goal of the late fee is to encourage on-time payments. School fee counter reduces your challenges in calculating the fine amounts fines for different fee types.

More than 6,00,000 users and 800 schools across India already using SchoolFeeCounter

“ Because of SchoolFeeCounter, we were able to relax and realize when tuition payments are late, SchoolFeeCounter will follow up. Before SchoolFeeCounter, we spent countless hours collecting tuition and writing follow-up letters. Our tuition collection rate has gone up dramatically which enables us to keep our budget in balance. What a wonderful tool! ”

B. Anantha Krishnan
Calorx Group of Schools

“ The many attributes of the SchoolFeeCounter system has been a "Godsend" to our School. The Before starting SchoolFeeCounter our accounts receivables were very high. After starting to use SchoolFeeCounter the biggest practical difference I observed was that we drastically reduced the fee defaulter rate by more than 75%. The SchoolFeeCounter team is really a helpful group of people, the team is always so helpful and friendly when we call for support. ”
